Cheese and pickle sandwich

NZBK-105 · Sandwiches And Filled Rolls · 12 sandwiches

INGREDIENTS

24 slices wholemeal bread

385 g tasty cheese

150 g sandwich pickle

110 g washed lettuce

80 g butter

Illustrative serving; not a photographed kitchen test.

PREPARATION

1. Butter bread, add cheese, pickle and lettuce, then close and cut.

2. Pack and refrigerate promptly.

ALLERGEN CHECK

Wheat, milk. Check pickle for mustard.

PRODUCTION NOTES

Quantities are metric; yields are provisional test batches. Temperatures refer to a preheated conventional oven. Confirm fan settings using your oven.

Record usable yield, actual bake time, portion weights, ingredient suppliers and wastage during test batches.

Follow the bakery’s food control plan for cooked fillings, cooling, hot holding, chilled products, shelf-life and display decisions. Use chilled ready-to-eat sandwich fillings; assemble in small lots and record holding times.

Check each ingredient label, substitutions and cross-contact controls before selling or supplying products. Allergen notes are starting points.

Tally ingredient, packaging and labour costs per batch. Divide by saleable yield and apply the business’s overhead and margin assumptions.
